

**EC 327 Introduction to Software Engineering**  
**Fall 2022, Prof. Douglas Densmore**  
**Project Contribution Sheet**

**Name:**

**TA:**

**Group Name and Project Description (short):**

1. Please list all group members (including you). Beside each name please give a score between 0 and 5 (0 = did nothing and 5 = exceeded responsibilities).
2. Please rank all group members (including you) from “Most Work Done” to “Least Work Done” (i.e. who did the most coding, debugging, presentation work, etc). **This is an ordered list with NO TIES.**
3. Please rank all group members (including you) from “Most Technically Important” to “Least Technically Important”. **This is an ordered list with NO TIES.**
4. Should any group member not receive as much credit as the other members? If so, why? If so, are you willing to publically confront this person if required (no is ok)?
5. Other comments?
